

Myticise Your Thematic History (MYTH)

Mythology and legends are a world heritage, the birth story of humanity. In this project, we aimed for our students to protect their cultural heritage. The objective of this project is to learn about the myths and legends of our own culture, research about them and connect them to our territory. Then, these stories will be shared and explained to partners from other European countries and we'll be able to compare them and find similarities and differences.

Mitoloji ve efsaneler bir dünya mirasıdır, insanlığın doğum hikayesidir. Bu projede öğrencilerimizin kültürel miraslarına sahip çıkmalarını amaçladık. Bu projenin amacı, kendi kültürümüzün mit ve efsanelerini öğrenmek, araştırmak ve onları bölgemize bağlamaktır. Ardından, bu hikayeler diğer Avrupa ülkelerinden ortaklarımıza paylaşılacak ve açıklanacak ve biz de onları karşılaştırabileceğiz, benzerlikler ve farklılıklar bulabileceğiz.
